## Board of Directors

**The Board of Directors determines strategic direction, mission, goals and objectives of AIC. They oversee and manage affairs of AIC, vote on matters that come before the Board, and provide guidance and support to the President and Executive Director. Members are elected by the Board upon recommendation of the Nominating Committee based on their respective profession and experience or interest in activities related to AIC's mission, goals and objectives, their commitment to AIC mission, goals and objectives, their active participation in at least one of the Board's functional committees, their readiness to speak at AIC meetings, or on behalf of AIC with media at public or private forums, and their financial support of AIC.**
